SPRING 2020

WonderWink NEO

Fashion-forward collection designed
for exceptional comfort, utility, and endurance.

P.02

A woman with long brown hair is captured in a dynamic pose, mid-air, against a backdrop of a grey concrete wall with a grid of small holes. She is wearing a vibrant red, short-sleeved jumpsuit with a high waist and wide-leg trousers. Her footwear consists of black sneakers with white soles and a distinctive black and white checkered pattern on the outsole. She is also wearing a black wristband on her left wrist. The overall aesthetic is modern and sporty.

INNOVATIVE ACTIVE Twill

Our WonderWink WonderWORK Active Twill fabric is constructed using finer, more durable yarns. The combination of these elements allows for beautiful drape and exquisite hand, without sacrificing dependability & professionalism.

360 DEGREE MOTION STRETCH

Our Active Twill has just raised the bar. Using an industry favorite fabric blend, 65% Polyester/35% Cotton, we have enhanced the performance by adding mechanical Motion Stretch without incorporating a spandex yarn. This provides the lasting durability of a Poly/Cotton blend, with the movement of a stretch fabric.

FORMULATED FLEXIBLE FIT

Paying close attention to every fit detail, we have approached our fit method differently by tailoring each size individually and in respect to the wearer. Our plus sizing is designed and built specifically for a fuller figure. On all styles, we have added slight shaping where it flatters but allowed for the necessary ease resulting in a relaxed, modern fit. Our Flexible Fit provides a full range of movement.

REDEFINED LIVE-IN COMFORT

WonderWink WonderWORK styling remains polished without sacrificing function: utilitarian details provide storage for gadgets and gear while maintaining a clean, professional appearance. With the innovative fabric, fit, and styling, these everyday scrubs truly redefine Live-in Comfort.

HOW DO YOU MEASURE UP?

GET A PERFECT FIT

BUST/CHEST - With arms at your sides, measure around your upper body, under your armpits and over the fullest part of your chest and shoulder blades.

WAIST - Measure around your waist. The waist measurement should be taken from the Natural Waist which is the point where you bend side to side. Measure at this point, keeping the tape comfortably loose around your waist.

HIPS - Stand with your heels together and measure around the fullest part of your hips. Approximately 8" below your waist.

All Sizing Guides Are Based On Body Measurements.

COMPARISON CHART

Things To Consider:

- 1. Choose a length, fabric and gender.
- 2. Consider complimentary styles for the entire staff.
- 3. Choose the type of closure you prefer.
- 4. Choose the number and size
